ISEAM

PURPOSE

The International Society of Engineering Asset Management (ISEAM) is a multidisciplinary professional learned society with membership dedicated to the development, recognition, and advancement of the body of knowledge of Engineering Asset Management

ISEAM

Objectives

(Re: Sections 4 & 5 of ISEAM Constitution)

The objects for which ISEAM is established are:

- (a) to pursue charitable purposes, in particular the advancement of science and the advancement of education with a focus in the specific area of scientific knowledge known as integrated engineering asset management;
- (b) to conduct scientific research, and in particular to conduct an approved research institute within the meaning of section 73A of the Income Tax Assessment Act 1936 (Cth); and
- (c) to do all things necessary for and incidental to the carrying out of objects (a) and (b) of this regulation and to prohibit or limit the conduct of ISEAM so that it does not do anything other than as set out in objects (a) and (b) of this regulation.

Solely for the purpose of carrying out the objects of ISEAM and not otherwise, ISEAM shall have all the powers of a natural person and any other powers of a company under the Law.
